To Whom It May Concern

CFSD Override Election

August 6, 2015

As an active Realtor who lives and works in the Catalina Foothills School District, I can safely say one of the reasons our region of Tucson is such a popular one in which to live is because of the quality of the schools in District 16. Frankly, we moved into the district from another one so our two children could attend the schools . . . which they did and both are graduates.

That scenario is repeated numerous times each year, as new families move into the district because of its reputation of quality education and high test scores. The demand for housing in the district has kept our real estate values among the highest in Tucson and the reputation of the district plays a big role in those remarkable numbers.

Keeping our district on the cutting edge of educational experiences is important to maintaining our real estate values. However, the most important reason is that the better educated our children are, the better leaders and problem solvers they will be, the better parents they will be and hopefully, the better our community will be. Please join me in voting in favor of the bond override Propositions 432 and 433.

Sincerely yours,

Russell P. Long
