

Please join me in voting YES for the ballot measures, the bond and override question, set forth by the Catalina Foothills School District. As a long time resident of the foothills, parent of two successful students educated K-12<sup>th</sup> at CFSD, and retired May 2013 as CFSDS longest employee teaching at Sunrise Drive Elementary School for 36 years, I have a unique perspective to state of the excellence of the CFSD.

The academic performance of the district is consistently rated "Number One" in the State of Arizona. Teachers at CFSD live the model of life long learners participating in professional development, which reflects the cutting edge of technology and pedagogy. Students receive the finest education across curriculum, and a long history of interpersonal development with physical education, arts and music, foreign language K-12, adding to the creation of a whole and effective person. Continue this high standard and model of excellence by supporting November's override renewal.

A handwritten signature in black ink that reads "John M. Williams". The signature is written in a cursive style with a large, sweeping initial 'J'.

John M. Williams  
Retired CFSD Teacher
