

Argument in Favor of the CFSD Budget Override
STATEMENT FROM FRIENDS of CFSD

Vote YES for Prop 433!

Renewal of this override will not create any new taxes.

Renewal of the District Additional Assistance override will allow the district to provide the necessary technology and software in classrooms for teachers and students. Arizona's capital funding has been reduced by over 70% in the past eight years and without the renewal of this override, an additional two million dollars (\$2M) in the current budget baseline will phase out.

We believe Catalina Foothills School District has a well-earned reputation for excellence in education as well as for sound fiscal management.

The results show. We can all be proud of the quality of education provided to district children. Our property values also continue to benefit.

Please vote YES to renew the DAA Technology Override.

Argument in Favor of the District 16 Bond Election
STATEMENT FROM FRIENDS of CFSD

Vote YES for Prop 432!

Approving this Bond will not create any new taxes.

This bond will allow for building and grounds renovations and for energy-efficiency upgrades in our schools. This bond is needed because Arizona has reduced capital funding by over 70%, leaving schools with only this option to maintain facilities, grounds and fields. Without this bond, there will be no money to protect the value of these most important community assets.

The district has completed a comprehensive analysis of capital needs in consultation with all schools principals and the district facilities staff. The plan will protect the integrity of our facilities for students as well as community members who use our schools for public meeting spaces and athletic activities. We believe Catalina Foothills School District has a well-earned reputation for excellence in education as well as for sound fiscal management and can spend these dollars wisely to the benefit of all in our community.

Help us maintain these important community assets. Our students and our property values will continue to benefit.

Please vote YES to approve the CFSD Bond.
